

Many Employers Match Gifts to Holy Family Day Home

We are always thankful when some of our nearly 600 individual donors make gifts to Holy Family Day Home and then have those gifts matched by the companies where they work. However, many of our donors don't know that their employers offer such a program. This dollar-for-dollar match is very important to the Day Home as it makes your gift go twice as far for the children and families that we serve.

Please review this list of workplace matching programs and see if your company is included. If it is, make sure you let them know of your generosity to the Day Home. If you don't find your company, please check with your Human Resources Department to see if, in fact, they do have a program to match employee gifts. If they don't, maybe you could suggest that they should.
