

Holy Family Day Home 2017-2018 Annual Report

OUR MISSION is to provide affordable, high-quality Early Childhood Education and Family Support Services in a stable and nurturing environment, thereby providing the children of working families skills and hope for lifelong development.

OUR VISION is for all Bay Area Children & Families to have the opportunity to maintain stable, healthy lives, realize their potential, and contribute to their communities.

Some of our families arrive at the Day Home through difficult paths. Our Sunflower student Nancy and her mother fled violence in their native country of Honduras, and together they made the grueling journey across the U.S. border. Nancy was exposed to the continued traumas of sexual and drug-related violence in the only housing they could find in San Francisco, so they fled again, but this time the only place to go was the streets.

Last year Nancy found the Day Home, and that is where her family's story took a turn. Family Support Services got to work securing their U-Visa citizenship, which protects refugees fleeing from violence. We found them safe housing, and our Child and Family Therapist began working with Nancy. Intervention on the path of a disadvantaged family requires a coordinated set of efforts, including assessment and treatment plans, ongoing therapy, case-management, and food support. Only after these pieces are in place can a child recovering from trauma benefit from our Early Childhood Education.

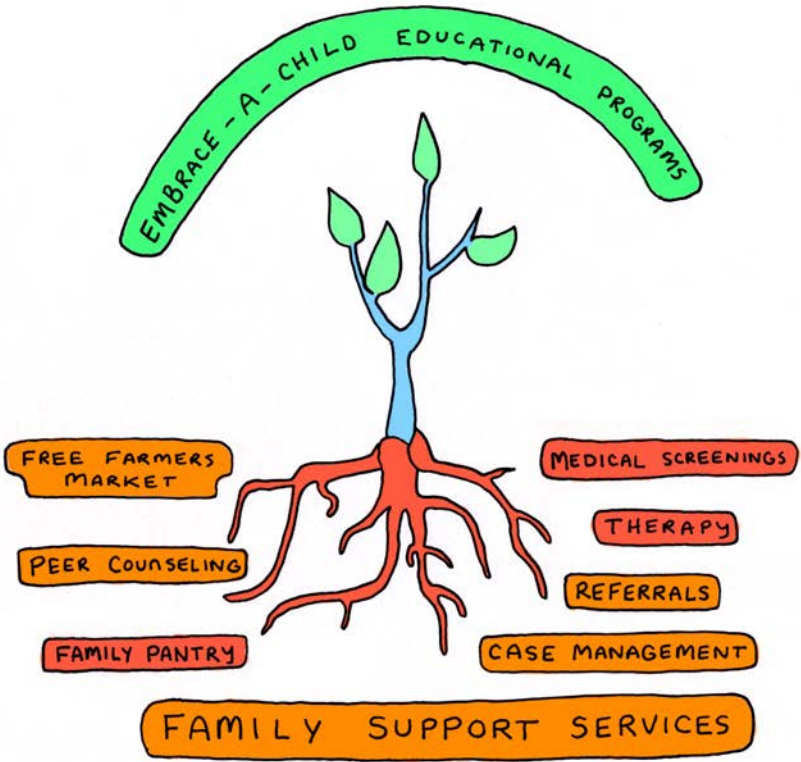

When families conquer obstacles that stand in the way of stable housing, a steady income, and the education of their children, we move our mission forward. Over the years, many of you have intervened in stories like this, and changed the course of young futures with your steady support. When we see Nancy thriving today, poised for her future academic career,

We are full of gratitude for your gifts.

— the Family Support Services team

Thank You for *your* support

Holy Family Day Home has supported the most vulnerable children in San Francisco for the past 120 years, and with the on-going support from our loyal benefactors, we plan to continue our service for another 120 years and beyond. Despite fluctuating and decreased Federal, State, and City funding streams, HFDH continues to develop new programs and expand our services here in the ever-changing Mission Community. With the support of the Order of Malta, in 2018 we will be starting the Dignity Outreach Program, designed to offer families ongoing assistance through one-on-one counseling on site. We also have expanded our distribution of food, clothing, and other household products- we provided winter coats, holiday meals, school uniforms, and scholarships for over 107 children and families so far this year. In terms of our educational program, we have made a concerted effort in recent years to emphasize our progressive Reggio Emilia inspired curriculum, which we have recently complimented with a Farm to Table Garden Program. We are striving to plant the seeds of an outdoor curriculum that will grow better eating habits, a love for the outdoors, and more physical activity, all of which can be out of reach for homeless or very low income families in San Francisco. Our work here would not be possible without you. With your support we are able to invest in 154 children every day. For that, I thank each of you.

Marianne Smith, SHF
1924 - 2018

Loved and respected by countless individuals, and a central figure in several communities, Sister Marianne Smith dedicated her life to service, to God, and to Holy Family Day Home. She leaves a legacy of lives cultivated and cared for, who remember her as both "a force" and as "utter kindness." We thank her for her investment in the youth of the Day Home, and for continually reminding us that children are our future and our hope.
